

4035 MANUAL TRACKS

HIGH-PERFORMANCE PRECISION FROM LANCASTER & ASSOCIATES

With all the demand for motorization, there's still a strong basis for manual tracks. Our answer is the all-new 4035 Manual Track, a lower cost, precision track available in six colors. This baton-draw

track utilizes both ripplefold and pinch pleat carriers to maximize your drapery options and can be curved for special window designs. The strong track can span up to 20 ft. with no splice needed. The 4035 provides a low-profile, swivel design ceiling mount option - to minimize light gap via its clean lines.

Plain and simply, the 4035 Track is high-end performance AND an economical choice for clients.

Common Features:

- **MULTIPLE TRACK COLORS**
- **SIMPLE & AFFORDABLE**
- **BATON-DRAW**
- **PINCH PLEAT/RIPPLEFOLD**
- **UP TO 20 FT WIDTHS**
- **CAN BE CURVED**
- **LOW PROFILE MOUNT**

Baton style options: Acrylic, Brushed Aluminum and Fiberglass
Track color options: White, Black, Silver, Gold, Bronze and Linen White
